

# MUST DO! SAILAWAY SUNSET

## ONLY \$50

# Sailaway

Sunset Luxury Sailing

## Go Sailaway Sunset Sailing, now every evening by popular demand

Steve and Katrina Edmondson developed the Sailaway Sunset Sailing product 4 years ago with the launch of our new luxury Sailing Catamaran, a Lagoon 500 sailed from France. We saw the need for an upmarket early evening pure sailing adventure, ideal to relax and unwind and take in the natural beauty of the surrounding mountain views. The location of the inlet, views of the Daintree Rainforest and excellent sailing conditions make it an ideal setting.

We also wanted to offer visitors an outing at a very affordable price, which hasn't changed since it's introduction. For \$50 you receive a complimentary beer, wine or champagne and a delicious selection of canapés with 1½ hours of pure sailing.

With Sailaway Sunset Sailing it's all about people interacting, ambiance and music and world class service. Exhilarating Sailaway Sunset has a huge WOW factor with people leaving the vessel with a big smile on their face.

After four years, this "Port Douglas Must Do" has increased it's schedule to every evening to cater to the high demand and successful feedback, it often helps plan a longer stay with pre bookings and has great international appeal.

Perfect for locals wanting to get out on the water, or private functions and weddings to celebrate any special occasion with some engagements both planned and spontaneous.
