

GOING GREEN EXPO

...the only choice for a sustainable future is green.

Low Isles Sailaway proudly exhibiting on the Ecotourism Australia stand at the Governments **Going Green Expo** in Brisbane to launch Sailaway's completely new website and 100% recycled brochure.

Sailaway is also proud to announce and promote it's official environmental accreditation as a **Climate Change Leader** by Ecotourism Australia becoming 100% Green Carbon Neutral Sailing to the Great Barrier Reef. This initiative is the highest level of accreditation and the first on the Great Barrier Reef.

Carbon Offsetting Low Isles Sailaway launch another leader environmental initiative introducing mandatory carbon offsetting contribution include in the ticket price for every adult and child visiting carbon neutral idyllic Low Isles. Which is the closest GBR island to mainland Australia and the first place for coral research in the world in 1928.

Showcasing the A-Z of sustainable and environmentally responsible solutions in the rapidly expanding 'green' sector for Queensland industry, business & consumers

"Save money and the environment with the latest ideas that don't cost the earth!"
